

J2KN PRO SERIES COMPARISON CHART

ECOM J2KN PRO *EASY*

Wireless Handheld Remote Display

Up to 6 Electrochemical Sensors

Sensor Options: O2, CO, CO High, NO, NO2, SO2 & Combustibles

Data Logging with Memory Card

USB Interface

On-Board Printer

15ft Standard Sample Line

1ft Inconel Probe (up to 1832F/1000C)

CO Purge Pump to Prevent Oversaturation

Peltier Cooler Sample Conditioner

Peristaltic Pump for Automatic Moisture Removal

Heated Sensor Block for Thermal Stability

Digital Flow Meter Display

Air Leak Detection

Flue Gas, Ambient, & Sensor Temperature Sensors

Averaging Tests

Mass Emission Calculations

CO2, Efficiency, Losses, Excess Air, & O2 Correction Calculations

ECOM J2KN PRO **INDUSTRIAL**

Wireless Handheld Remote Display

Up to 9 Gas Sensors (6 Electrochemical and 3 NDIR)

Sensor Options: O2, CO, CO High, NO, NO2, SO2, Combustibles, CO2, & CH4

Fresh Air Purge Switch

External Antenna for Expanded Wireless Range

Automatic Mode (Setup testing cycles for semi-unattended operation)

Bluetooth Link

Data Logging with Memory Card

USB Interface

On-Board Printer

15ft Standard Sample Line

1ft Inconel Probe (up to 1832F/1000C)

CO Purge Pump to Prevent Oversaturation

Peltier Cooler Sample Conditioner

Peristaltic Pump for Automatic Moisture Removal

Heated Sensor Block for Thermal Stability

Digital Flow Meter Display

Air Leak Detection

Flue Gas, Ambient, & Sensor Temperature Sensors

Averaging Tests

Mass Emission Calculations

CO2, Efficiency, Losses, Excess Air, & O2 Correction Calculations
